

Let's master the basics!

Back by popular demand!

Meridian Therapy Seminar

- **Easy to understand using slides and pictures.**

A unique seminar perfect for first-time students as well as clinicians who want to brush up on their basics.

- **Dr. Oue's original Pulse Diagnosis Chart will be used!**

- **Take your knowledge to a new level!**

Although I thought I knew all the basics, Dr. Oue's lecture startled me.

"By mastering the basics, you can adapt them in many ways." said Dr. Oue.

I memorized the basics and I thought I mastered them, but when I was asked a question, I couldn't answer it clearly...

Have you felt that some of the knowledge you have is not completely clear? Have you felt that there is nothing else to be learned? Dr. Oue is especially skilled in teaching those kinds of students. Don't miss this rare opportunity!

- **19 Credits (3days) & 12.5 Credits**

(2days) of Continue Education of California is approved. CEU of National Board is applying now.

Feedback from Past Students :

- It was a wonderful seminar, and each lecture gave me a new discovery. Thank you for taking the time to come and teach us. I look forward to your next seminar!
- Very clear explanation! He made it very easy to understand the basics of Meridian Therapy.
- It was my first time attending Dr. Oue's seminar. He teaches his students and treats his patients with a deep insight and passion. I can't wait for his next seminar!
